1. When will DACA re-open?

Competitive swimming will resume on Monday, June 22nd at Saratoga High School. We will not be able to return to De Anza College until mid-July at the earliest.

2. What safety precautions will be taken to protect swimmers?

All safety requirements outlined by the CDC will be met. See DACA reopening document.

3. How will the program change?

To comply with social distancing and sanitizing requirements, we are beginning our Competitive program with two sessions, three weeks in length each. There will be changes to practice times, duration, and group assignments/structures. We will return to regular programing when it’s deemed safe by the CDC.

4. How do I enroll?

DACA will be utilizing online registration. If interested, please contact customer_service@daca.org for more information.

5. Will our fees change?

Sessional fees will be similar to previous monthly fees. However, additional costs for PPE equipment, sanitation, and staffing to ensure compliance with safety standards will require an increase in the near future.
